Data collection and use

Your full name, company name, job title, email address and telephone number will be collected and stored by the BIA in line with its privacy statement upon registration and used to contact you in regard to this event.

For our virtual events we use one of two event platforms, or sometimes both: Swapcard (<https://www.swapcard.com/>) and Remo (<https://remo.co/>)

When using Remo or Swapcard, your email address will be uploaded to the platform in order to create an account for you. When accessing the event you will then have the option to enter a display name, a profile picture, your job title, company name and social media links.

Click the following links for full details of what data will be collected by [Zoom](#), [Remo](#) and [Swapcard](#) and how it will be processed and stored.

The data that the BIA will collect from you will be treated in accordance to the above and to our [privacy statement](#). This is necessary in order for you to be able to join the online event and is therefore a precondition of service.

Delegate lists

At many of our events we distribute delegates lists to all attendees, either soft copies or printed ones, in order to facilitate networking. These lists consist of the full name, company name and at times job title of all registered attendees, but do not include contact details such as email addresses.

We don't allow third parties to use these lists for promotional purposes.

Photographs/screenshots

We take photographs (or screenshots) at most of our events and they are often used for marketing purposes (e.g.: on twitter, LinkedIn, marketing emails, etc). If you do not wish for photos or videos of you to be made public, please let us know by emailing biaevents@bioindustry.org

In some circumstances event partners such as venues or sponsors may take photographs at events for their own marketing purposes. If you do not wish for photos or videos of you to be made public on partner marketing channels, please let us know by emailing biaevents@bioindustry.org
